

LESSONS FROM OFF GRID HOMES

On the Path to Net Zero Energy

Speakers

Richard DeBusman, has a 10 year head start on the path to net zero energy and a vast amount of experience to share. He taught high school construction trades in Wasilla for 20 years and built the first 5 star plus home in Alaska. A founder of the Alaska Craftsman Home Program and ACAT, Richard has built energy efficient homes in Wasilla, Homer, Hawaii and California. His first off-grid home was in Sadie Cove, near Seldovia. His current Net Zero Energy home is a very impressive straw bale house powered by solar and wind located in an off grid community near Yosemite, California.

Victor Guillot, owner, CEO, Sol Sierra, Inc. Solar Energy Systems is a NAB-CEP certified solar installer. He has certifications and expertise in PV Solar System design and integration, solar well pumps, inverter technology, data monitoring, off-grid battery systems, and design and construction of unique solar array structures.

George Menard, owner, InverTech Alaska, has 25 years of experience in designing, selling and installing alternative energy systems in Alaska. Systems range from small 12 volt only micro systems to whole house hybrid solar PV/wind/generator systems providing 100% of household electrical power requirements in mostly off-grid application and some utility grid-tie interconnect sites. Many of these systems have been operating, mostly remote off-grid, for 20 years.

Topics

- How to meet Net Zero Energy in Alaska
- Planning and designing solar/wind systems for Alaska
- Thermal shell designs to meet Net Zero Energy
- Calculating energy load and sizing the photo voltaic/wind system
- Alternative energy equipment that survives Alaskan conditions
- Ask the experts....panel discussion

Dates

May 9, 2011

9:00 am - 5:00 pm
Soldotna United
Methodist Church
158 S Binkley St.
Soldotna, AK

May 11, 2011

9:00 am - 5:00 pm
Agate Inn
4725 Begich Cir
Wasilla, AK

May 12, 2011

9:00 am - 5:00 pm
Alaska Pacific Univ.
Carr Gottstein Hall
Room 103/104
4101 University Dr
Anchorage, AK

ALASKA CENTER FOR
APPROPRIATE TECHNOLOGY

4701 E Begich Circle, Wasilla, AK 99654
877-271-4411
info@acat.org

Register Online: www.ACAT.org

\$80 General Admission

\$40 Student

\$225 w/ Cont. Ed. Certificate

Scholarships Available

*Promoting research and education for
Alaskans in sustainable economic
development.*
