

ACAT Energy Workshop

Saturday, Nov. 23, 2024

11-12pm Net Zero Energy Home Tour

1-4pm Window Installation Workshop

HANDS ON NET ZERO BUILDING WORKSHOP

Presenters:

Mark Houston and Eric Visser, ACAT Board members

Explore a real-life Net Zero Energy home in Alaska! Join our exclusive tour of a ~1400-square-foot home under construction in South Anchorage's Abbott Neighborhood, showcasing advanced energy solutions like air-tight fabrics, Rockwool insulation, and ductless heat recovery ventilation. After the tour, take part in a hands-on workshop with builder Eric Visser, where you'll learn to install windows for exterior insulation or standard exterior finish, gaining practical skills for your own sustainable projects. Sign up today and discover the future of sustainable living in Alaska's unique environment!

****CLASS LIMITED to FIRST 20 PEOPLE TO SIGN UP *****

REGISTER NOW: www.ACAT.org

COST: \$50 for ACAT members, \$100 for non-members
