Anchorage, AK

April 21, 2011

6:00 pm - 9:00 pm

Matanuska Telephone Assn
Large meeting room
Commercial Dr
Palmer, AK

Speaker

Margaret Subers, energy specialist, owner-builder, and weatherization assessor will present a three hour, interactive workshop to discuss energy efficiency in residential homes.

Margaret has built her own home using exterior insulation technology and will share her knowledge and experience. You will see a mock up example of a wall section utilizing this technique, including some basic details for window and wall penetration techniques.

Topics

- Building Science overview
- Residential Energy Efficiency
- Benefits of REMOTE wall (*R*esidential *E*xterior *M*embrane *O*utside *I*nsulation *T*echnique) outside insulation wraps
- Ventilation and Indoor Air
